A screenshot of the CMS administration interface. At the top, there are mode selection buttons: 'View', 'Edit' (selected), and 'Design'. Below this is a 'Page Functions' section with icons for 'Add', 'Settings', 'Delete', 'Copy', 'Export', and 'Import'. To the right, there are options to 'Add New Module' or 'Add Existing Module', with dropdown menus for 'Module', 'Pane' (set to 'ContentPane'), 'Insert' (set to 'Bottom'), and 'Align' (set to 'Left'). A 'Show Control Panel?' link is also present. On the far right, there are 'Common Tasks' icons for 'Site', 'Users', 'Roles', 'Files', 'Help', and 'Solutions'. Below the main control area, there is a navigation bar with 'Home Admin' and 'Web Site' search. The main content area is divided into panes: 'TopPane', 'LeftPane', 'ContentPane', 'RightPane', and 'BottomPane'. The footer contains the copyright notice: 'Copyright 2007 by azli.dapat.fm Terms Of Use Privacy Statement'.

Managing Website using CMS – Controlling content placement

The image shows a CMS control panel with several sections and callouts:

- 1** **Mode:** View, Edit (selected), Design
- 2** **Page Functions:** Add, Settings, Delete, Copy, Export, Import
- 3** **Module Selection:** A dropdown menu listing various modules such as Account Login, Announcements, Banners, Blog, Documents, Events, FAQs, Feed Explorer, Feedback, Forum, Gallery, Google AdSense, Help, IFrame, Links, Map, MarketShare, Media, News Feeds (RSS), Search Input, Search Results, Store Account, Store Admin, Store Catalog, Store Menu, Store Mini Cart, Survey, Text/HTML, User Defined Table, UsersOnline, and Whats New?
- 4** **Content Module:** A callout pointing to the 'Text/HTML' module in the list.
- 5** **Content Pane:** A callout pointing to the 'ContentPane' dropdown in the 'Pane' field.
- 6** **Insert function:** A callout pointing to the 'Bottom' dropdown in the 'Insert' field.
- 7** **Common Tasks:** Site, Users, Roles, Help, Solutions

Page function is for adding pages to the Website

Content Pane is the area where your module will appear on the page

Insert function allows you to control the placement of the content

Content Module is for creating story
